217 Java St. Brooklyn NY 11222 | (949)228-1318 | ianmdelduca@gmail.com | www.iandelduca.com

IN DEVELOPMENT

MACK-CALI 2018

- Single page site built with React.js
- Responsive Design accomplished with Bootstrap 4.
- Data visualizations achieved with Chart.js

DOUZE POINTS! (CURRENT PROJECT)

- A lightweight app for scoring and commentary of the EuroVison Song contest.
- Writing the style guide.
- Working collaboratively as part of team, Git Branching.

RECENT PROJECTS

FFLICKR

- Full-Stack photo hosting and sharing app inspired by Flickr
- Built with Rails and React.js/Redux.js.

YAYQUERY.JS!

- Deep Dive Code Intensive which emulates the DOM manipulation functionality of JQuery.

PENULTIMATE FANTASY

- Retro 'match three' style browser game written entirely in the aforementioned YayQuery.js!
