217 Java St. Brooklyn NY 11222 | (949)228-1318 | ianmdelduca@gmail.com | www.iandelduca.com

## PROJECTS

### FFLICKR

- Full-Stack photo hosting and sharing app inspired by Flickr
- Built with Rails and React.js/Redux.js.

**LIVE LINK**    **REPO LINK**

### YAYQUERY.JS!

- Self authored JavaScript library which emulates the DOM manipulation functionality of JQuery... but with a funner name.

**REPO LINK**

### PENULTIMATE FANTASY

- A "match three" candy-crush style browser game for RPG fans!
- Written in a combination of vanilla JS and The above mentioned YayQuery! library for DOM manipulation.

**LIVE LINK**    **REPO LINK**

### DOUZE POINTS! (CURRENT PROJECT)

- A lightweight app for scoring and commentary of the EuroVison Song contest.
- Writing the style guide.
- Working collaboratively as part of team, Heavily utilizing Git
